# WORKTITUDE ACRYLIC SHIELD

## PERFECT ADDITION FOR POST-CIRCUIT BREAKER

In response to the government guidelines and the COVID-19 pandemic we have introduced a number of new Acrylic Shields. It help to assist employee in a safe return to work and this is perfect addition for all office environments.

## SOCIAL DISTANCING BARRIERS

These protective barriers called **“sneeze guards”** and **“cough shields”**. In other words, it **help to reduce airborne germs** between colleagues and to offer greater protection against coughing and sneezing.

In addition, the screen **can be easily wiped clean**. It provide an added layer of physical protection, without reducing visibility while keep staff safe.

## CUSTOM SIZES CAN BE MADE TO ORDER

These shields is available in desk, hanging, and ground screen version.  
It available in few standard sizes but **custom sizes can be made to order**.  
Moreover, it comes with a solid stabilizer feet with 4-5 millimetre thickness metal base.  
Therefore it **able to self-stand on the table or floor without drilling or using any blue tags**.  
In conclusion, these acrylic shields are must have addition for "new normal" office environments.
